

The “Domination Duals”

“Where every move matters, and every point counts.”

You better come ready to wrestle a whole 6 minutes when you compete at “The Domination Duals”. The unique team scoring system is designed to reward the wrestler who wrestles hard for a full match - no matter what the score is.

Dominate or be Dominated...

Team Scoring System:

Pin:	+ 20 Team Points
Technical Fall:	+ 15 Team Points
Forfeit:	+ 12 Team Points

The scoring in all matches that don't end in a pin, technical fall or a forfeit, will be the difference in the actual score of the match.

Examples:

Wrestler wins 2-1 = + 1 Team point

Wrestler wins 12-0 = +12 Team points

Wrestler wins 16-2 = +14 Team points

So when a wrestler is up 5-1 with :30 seconds left to go in the match he has a decision to make. Does he stall out the match and win by 4, or does he never stop wrestling and continue to score points for his team...

This tournament is designed for the wrestler who never stops wrestling... ***No matter what the score is.***

The “Domination Duals”

“Where every move matters, and every point counts.”
